

The Top 10 Reasons You Should Work With Us

10. We know what we're doing. No, really. *Honest!*
9. Simply put, our software works. In fact, it *rocks!* All without patches, updates, or "service packs".
8. We do really great t-shirts.
7. We do even better beer glasses.
6. We have tons of free sample code, application plug-ins, templates, and other assorted widgets to help you get started.
5. We have a wicked sense of humor and aren't afraid to use it in public.
4. Three little words: *free tech support*
3. UPC, Code 128, Code 39, Data Matrix, PDF 417, and a lotta other stuff you need for Windows, the Mac, Linux, et al.
2. Your boss will never know you didn't do all this bar code stuff from scratch all by yourself. We won't tell. You'll look like a hero when all you did was call our API. On time, under budget. And you get to go home early and drink a beer. Ahhhh, life is good...
1. Did I mention we do really, *really* kewl t-shirts?
